

Colonies Map

Each student will create a map of the 13 original colonies. The map will be provided to you by the teacher.

Maps must be colored and neatly labeled. All labels must be done with a fine point “sharpie” or felt tip marker. Neatness and map scale will be considered in the grading of the map.

|----------------------|-------|-------------------------------------|
| <u>Textbook</u> | | <u>United States History Atlas</u> |
| New England Colonies | p.67 | 13 Colonies pp.31-32 |
| Middle Colonies | p.74 | |
| Southern Colonies | p. 78 | Internet at home (check the source) |

A → Physical features of the 13 British Colonies (10 pts)

The following features must be drawn and labeled: (Water/rivers should be blue)

*** HINT* (In step G you will have to create a Key)**

| | | |
|--------------------|-----------------------|---------------|
| Atlantic Ocean | Connecticut River | Hudson River |
| St. Laurence River | Lake Ontario | Potomac River |
| Delaware River | Chesapeake Bay | Disputed area |
| Savannah River | Appalachian Mountains | of NY and NH |

B → Other Countries in the Americas (5pts)

Label and color in the lands occupied by:

| | |
|---------------|---------------|
| France (gray) | Spain (Brown) |
|---------------|---------------|

C → Cities of the 13 British Colonies (10 pts)

The following locations must be labeled in their correct locations:

| | | |
|----------------|------------|--------------|
| Portsmouth | St. Mary’s | Salem |
| Boston | Plymouth | Newport |
| New Haven | Albany | New York |
| Perth-Amboy | Dover | Philadelphia |
| Wilmington, DE | Savannah | Charles town |
| Wilmington, NC | Norfolk | Williamsburg |
| Wilmington, NJ | Baltimore | Jamestown |

D → Colonies Names (5pts)

Label the original British 13 Colonies

E → Economies of the 13 British Colonies

Use a symbol to note which states produced the following products: (Symbol should be in your key)

| | | |
|--------|------|---------|
| Cattle | Fish | Timber |
| Wheat | Rice | Tobacco |

F → Regions of the 13 British Colonies (5pts)

Color the regions to differentiate between them.

Southern Colonies (green) Middle (your choice) New England (your choice)

* Color the tidewater a lighter green and backcountry a darker green.

G → Map Essentials (10 pts)

Make sure your map has title (what it is/showing), compass rose, and a key.

****Hint:** Draw your map lightly in pencil first. Once you have the borders and physical features in the proper places, then go over the borders in dark pen. All borders and labels must be done in pen. Map must be colored appropriately. Include a complete key with all symbols and a title.

H→Soil of the 13 British Colonies

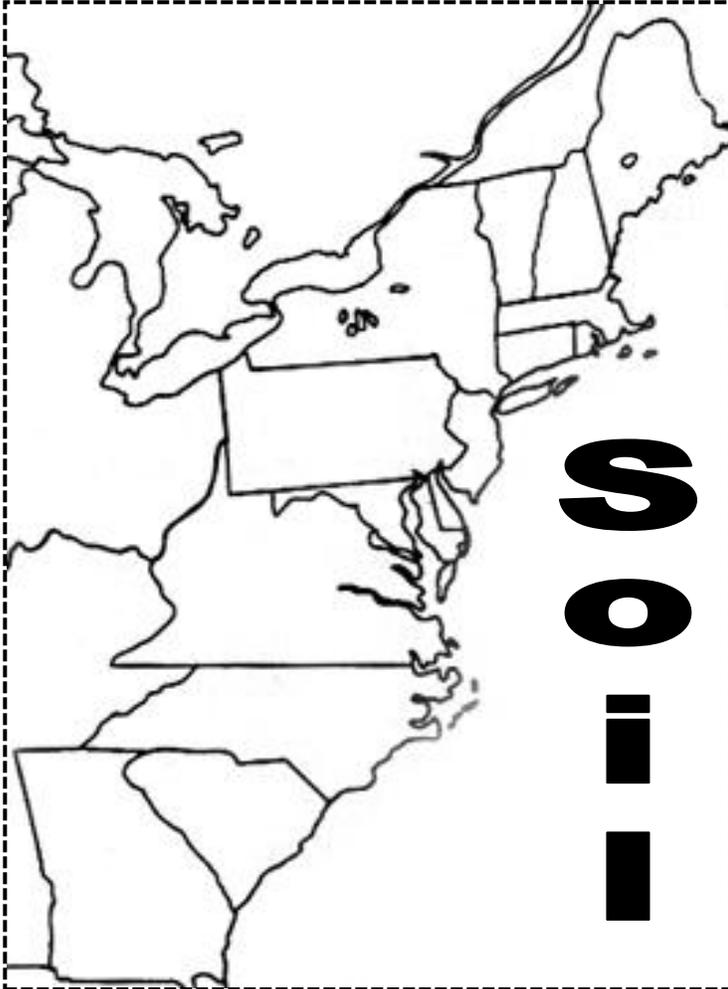

(5 pts)

For each type of soil use a different color to show its location on the map. Then create a key describing what each color means on your map.

I→Climate of the 13 British Colonies

(5 pts)

For each type of climate use a different color to show its location on the map. Then create a key describing what each color means on your map.

Blank box for creating a key for the soil map.

Blank box for creating a key for the climate map.
